Re: Oral *Ex Parte* Presentation  
WT Docket No. 05-211

Dear Ms. Dortch:

Council Tree Communications, Inc. ("Council Tree") hereby gives notice of an oral *ex parte* presentation in the referenced proceeding.

The presentation was made by me to Commissioner Tate and Aaron Goldberger of Commissioner Tate's office and included data and arguments already reflected in Council Tree's written filings in the referenced proceeding. In addition, I noted that, of the thirty commenters that addressed the matters raised in the *Further Notice of Proposed Rulemaking* in the referenced proceeding, twenty-three supported the Commission's tentative conclusion and only five opposed it. I explained that those five were two national wireless service providers, two designated entities associated with national providers, and CTIA. I added that national wireless service providers would still be free to acquire spectrum under the rules being addressed through the *Further Notice of Proposed Rulemaking*, but that they should not be permitted to use designated entity relationships and government preferences to extend their dominance.

One copy of this letter is being submitted electronically pursuant to Sections 1.1206(b)(2) of the Commission's Rules.

Sincerely,

/s/ George T. Laub
